AMBER

DARK GRAY

GOLD

AUTUMN BROWN

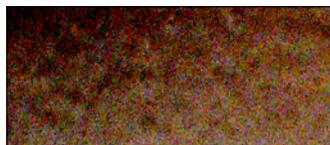

RED

ORANGE

PINK

DARK WALNUT

NAVY BLUE

BLACK

LIGHT BROWN

OYSTER WHITE

OAK

Colors shown may vary upon application, and are based on covering regular gray concrete with two coats of stain. Common variations may occur due to method of application, differences in cement and aggregates, and amount of material applied.

NOTE: Concrete surfaces must not be too tight or too porous for material to work correctly.

Tight surfaces must be opened up and very porous surfaces must be have Uni-Color Primer applied first.
